

Name: _____

You will be taking the CompTIA A+ Core exam by the end of May. You have been provided with a voucher number so you can take the exam at no cost to you. The taxpayers in your community have purchased this voucher so you can prove to future employers what you have learned while at CVCC.

Your responsibility is to put enough time, effort, and energy into preparing to pass the exam. If you don't have a plan for preparing for the exam your plan will fail and you will fail the exam.

Your final exam grade for the IT Essentials course this year will be derived from your certification exam grade.

Share with me your strategy for passing the exam. Describe the steps you are planning to prepare.
